MEMORANDUM FOR: Associate Deputy Director for Intelligence

FROM :

:

Director of Scientific and Weapons Research

25X1

SUBJECT :

:

Approval to Courier SCI Documents to MIA

25X1

1. I request that [] be permitted to courier certain SCI documents to the Missile Intelligence Agency, Redstone Arsenal, Alabama on 26 November 1984. He will be accompanied on the commercial airline flight (Eastern 529/281) by two other staff analysts, [] Immediately upon their arrival in Huntsville, the SCI material will be taken to Redstone Arsenal, where it will be stored overnight in an approved SCI vault. []

2. The SCI documents are viewgraphs and other briefing aids that will be briefed at the Tactical SAM and ATBM TEBAC Conference. The highest classification level for the documents [] Because of the long lead time required for the ARFCOS service (about seven weeks) and the delay of important data that were the basis of our presentations, the routine methods for SCI material transmittal could not be used. Other official means were sought, but none was successful. []

25X1

3. A list of each document's control number and title will be kept in DAVB/AVAD and in OSWR Registry. The package will be assembled and will be wrapped in OSWR Registry according to appropriate security regulations. At the completion of the conference, the SCI material will be returned to OSWR by the ARFCOS system. (AIUO)
